

# 2020

## MEMBER BENEFITS

### YOUR NNCA MEMBERSHIP

As an NNCA member, you have access to the largest collection of construction bidding opportunities in northern Canada, compiled from dozens of tendering websites and delivered to your inbox twice a week as part of the NNCA's Bulletin. Subscribing to the Bulletin is also a great way to stay on top of upcoming policy changes impacting the construction industry, hear about upcoming events like our annual golf tournament and curling bonspiel, or learn about new online courses offered through BuildForce Canada.

Your membership comes with free promotion in our member directory and access to exclusive discounts. You will also be supporting our advocacy for territorial prompt payment legislation and greater federal infrastructure funding across the North. Don't hesitate to contact our office at 867-873-3949 or [director@nnca.ca](mailto:director@nnca.ca) if there is an issue you think we should be looking into. You can find a full list of NNCA member benefits at: [nnca.ca/membership](http://nnca.ca/membership)

### NEW: REVERSE JOB BOARD

In 2020 the NNCA will be adding a new resource to our Bulletin – a reverse job board for Northwest Territories and Nunavut residents seeking work in the skilled trades. We've reached out to communities across the North to gather a list of resumes so that NNCA members know who is looking for work and where to find them.

### UPDATED: MEMBER DISCOUNTS

Did you know Canadian North offers NNCA members discounted rates on flights & cargo? Subscribe to the Bulletin to access the corporate ID code used for booking.

**See the back side for a full listing of NNCA member discounts**
