

NNCA Bulletin Advertising

The Bulletin is a summary of contract opportunities in the Northwest Territories, Nunavut and Yukon assembled by the NWT & Nunavut Construction Association (NNCA) and distributed by email to 300+ subscribers every Wednesday and Friday.

Advertising in the Bulletin is a great way to reach the NNCA's members, which include general contractors, trade contractors, road builders and heavy construction contractors, manufacturers and suppliers, transportation and logistics companies, allied professionals and associates.

Businesses with upcoming construction projects (new buildings, renovations, repairs, etc.) can also submit a Request for Quotation to the NNCA to have their project included in the Bulletin (the RFQ submission form can be found at www.nnca.ca/information/nnca-bulletin).
